Dear Prospective PAsPB Member:

Technology and commodity prices continue to drive petroleum industry operating strategies. Membership in the Petroleum Accountants Society of the Permian Basin (PAsPB) can help your organization remain informed about how the evolving industry can affect accounting policies and practices within your firm.

PAsPB is the local specialized society for oil and gas accounting professionals. We provide a forum for discussing and solving the more difficult accounting problems related to the petroleum industry. These discussions frequently have resulted in the creation of guideline documents and educational materials. PAsPB is a charter member of the Council of Petroleum Accountants Societies (COPAS), which has 23 societies and over 2,800 members in the United States and Canada.

Participation in PAsPB provides an opportunity for your input in developing new COPAS Accounting Procedures and other documents recognized as guidelines by the industry. Your participation in PAsPB will allow you to increase your knowledge of industry practices and procedures, develop leadership skills, offer opportunities to network with industry counterparts and apprise you of the most recent developments in the industry through the COPAS quarterly *ACCOUNTS* publication.

Your company will obtain the opportunity to have a voice in projects relating to industry guidelines through your participation in the various committees. You will enhance your ability to contact appropriate counterparts and resolve issues more efficiently.

Our annual membership fee includes membership in PAsPB and COPAS, as well as the cost of the meals for lunch meetings held at the Petroleum Club in downtown Midland. An educational technical session, offering CPE credits, immediately precedes the majority of our meetings and all members are encouraged to attend. Membership and committee meeting times will be announced in our monthly PAsPB *ADVISOR* newsletter.

Summary of COPAS (PAsPB) membership benefits include:

- ▶ Forum to address and resolve issues
- ▶ Participation in establishing guidelines
- ▶ APA Accreditation Program
- ▶ Networking with industry experts
- ▶ Educational opportunities – CPE
- ▶ Small, medium, and large companies working together as equals
